### COMMUNITY NOTIFICATION OF RELEASE LEVEL 3 OFFENDER

\*\*\*Non-resident potentially traveling to and from Redmond\*\*\*

Bulletin #: 06-01

Prepared by: Detective Lon Shultz 425-556-2586

DATE: 05-15-06

The Redmond Police Department is releasing the following information pursuant to RCW 4.24.550 and the Washington State Supreme Court decision in State v. Ward, and the US Supreme Court decision in Connecticut Dept. of Public Safety v. Doe (2003) which authorizes law enforcement agencies to inform the public of a sex offenders release when; in the discretion of the agency, the release of information will enhance public safety and protection. The individual who appears on this notification has been convicted of a sex offense that requires registration with the sheriff's office in the county of their residence. Further, their previous criminal history places them in a classification level, which reflects the potential to reoffend. **In order to protect the victim/witnesses involved in this case, this notification is being distributed in Redmond. Redmond is a possible location that this offender could show up at. If a person matching this description is seen call 911 immediately.**

This sex offender has served the sentence imposed on him by the courts.

**HE IS NOT WANTED BY THE POLICE AT THIS TIME.**

**THIS NOTIFICATION IS NOT INTENDED TO INCREASE FEAR; RATHER, IT IS OUR BELIEF THAT AN INFORMED PUBLIC IS A SAFER PUBLIC.**

The Redmond Police Department has no legal authority to direct where a sex offender may or may not live. Unless court ordered restrictions exist, this offender is constitutionally free to live, travel, wherever he chooses. Sex and kidnapping offenders have always lived in our communities; but it was not until passage of the Community Protection Act of 1990 (which mandates sex and kidnapping offender registration) that law enforcement even knew where they were living. In many cases, law enforcement is now able to share that information with you. Citizen abuse of this information to threaten, intimidate, or harass registered sex offenders will not be tolerated. Further, such abuse could potentially end law enforcement's ability to do community notifications. We believe the only person who wins, if community notification ends is the sex offender, since sex offenders derive their power through secrecy.

***The Redmond Police Department is available to help you set up block watches and provide you with useful information on personal safety. Call Officer Stacey Holland (425) 556-2545 for further information. If you have information regarding current criminal activity of this or any other offender, please call 911.***
